Please complete both Task 1 and Task 2.

Task 1

You live in a small village of about 1,500 inhabitants. You use public transport as much as possible. British Rail, in the name of efficiency and economy, wants to close the village station. This means the nearest train station will be in the town 20 minutes drive away.

Write a letter of about 175 words to British Rail to oppose the proposal, giving your reasons why the station should remain open.

Begin and end the letter appropriately.
